Dear Mr Symons

**Re: PALOMA and RHEEM Flueless Space Heaters  
Models PJC-W18FR, PJC-S18FR, PJC-W25FR, PJC-S25FR, PJC-C25FR,  
Models RAC-W25FR, RAC-S25FR, RAC-C25FR  
AGA Application 11628 / Certificate 6540**

Further to my 8<sup>th</sup> February 2011 letter and our recent correspondence, we have received clarifications addressing matters raised in my letter, and received revised product specifications for the project referenced above.

The documentation is satisfactory. I note you have a tight production schedule so, on the basis that matters requiring final inspection are minor, I advise certification of the above-mentioned products has been completed under the following conditions:

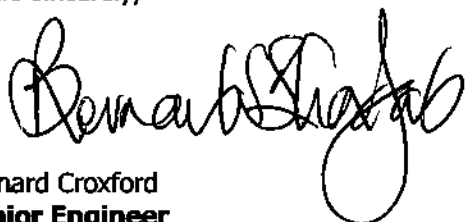

- A fully packaged / labelled final inspection sample is to be provided and successfully pass the inspection before releasing any units for sale to the Australian Market.
- Markings and instructions must be satisfactory at time of final inspection.

All work required for this project is complete and I am pleased to enclose:

- Revised Certificate No. **6540**
- Revised Specification Issue 06
- The revised entry as it will appear in the "*Directory of AGA Certified Products*", (available on our website [www.aga.asn.au](http://www.aga.asn.au)).

Please review all documentation and advise if any detail is incorrect or inadequate.

Yours sincerely,

Bernard Croxford  
Senior Engineer

# AGA CERTIFIED PRODUCT

Certificate Holder: **RHEEM AUSTRALIA PTY LTD**

ABN/ACN No. (if applicable): **098 823 511**

Manufacturer: **Paloma Industries Ltd**
