

Paloma PH-20— External Continuous Flow Gas Water Heater

Compact and state-of-the-art. Provides endless hot water as long as you have gas, power and water. The PH-20 delivers a maximum flow rate of 20 litres of water per minute, which is ideal for smaller homes, flats, guest houses, home offices or outbuildings. One unit can easily supply the hot water needs of 1-2 bathrooms and 1 kitchen.

FEATURES

- **Hot water on demand** – hot water that never runs out
- **Super efficient** – 6 star energy rating
- **External model** – sleek new design with concealed screws and modern colour
